

A+ Plus is coming to Campton!
Summer 2008!

Campton recently received a grant. Campton is now another site in the SAU 48 as a 21st Century Community Learning Center. The Campton A+ program will offer 4 weeks of summer hands on fun. Research shows that students lose what they have learned all summer with breaks that do not consist of educational activities that are stimulating and challenge our children. Sign your children up, spaces are limited! All payment is tax deductible under the childcare reimbursement act. Also, starting September there will be a full time early morning and afterschool program for the entire school year. Look for more information this early fall and don't miss out on some phenomenal opportunities for your children to learn more about the world around them in a fun and safe environment!

Youth Programs
