

Campton Library Committee Meeting October 25,2018

Meeting Started at 10:30

Present: Mary O'Brien, Nancy Donahue, Carolyn Hill, Kelly Weiser, Martha Aguiar

Minutes from September approved

Select Board presentation discussion

All agreed it was well presented and received. We need to capitalize on their enthusiasm when presenting our petition to the town meeting. We are hoping to increase town support with display boards posting our survey results.

Petitions for town warrant

We will be petitioning for \$15,000 new funds and also to have funds meant for the library voted on in 2014 transferred to the library account. Nancy will write and get signatures on those petitions.

Displays at town offices

Probably no room at primary. Carolyn has contacted the moderator.

We will develop at least 2 display boards with information about our work and hopefully will post one in the town offices and another at the Campton Library.

Moving forward on library space

We discussed asking architect Evan Mullen to look at our space, especially since we have \$500 that we will lose in the next fiscal year

We discussed having a planner to come look at our space. The state librarian will send Mary a list

State Librarian Michael York will visit with this committee November 12. Timee suggested we all have our questions ready.

Mary handed us several items, including a library checklist which will help us determine our needs. Martha and Mary will try to visit Bartlett library which is connected with the school.

Carolyn and Kylie will work with Susanna to update what technology is on hand

Meeting adjourned at 11:40 am

Next meeting November 12 time to be arranged with the state librarian

Respectfully submitted,  
Martha Aguiar
