Board Attendees: Stuart Pitts, Chair, Greg Jencks, Tim Scanlon, Floyd Wilkie, Bill Cheney, Ex-officio, and Jack Letvinchuk, Alternate

Public Attendees: None

The Planning Board opened the meeting at 6:34 PM.

The first item on the agenda was correspondence. The Clerk discussed potential future developments in Campton. The Board generally talked about the need to thoroughly review every application that comes before the Board. There was some discussion to continue to review and improve the application and regulations for subdivisions and site plan reviews.

There were no citizens at the meeting at which time the Board decided to adjourn the work session so that they could continue the training video that was started at the previous meeting. The Board was in a training session from 6:45 pm to 7:40 pm.

The Work Session was officially adjourned at 6:44 pm

Respectfully submitted,

Corey Davenport
Planning Board Clerk
