

MINUTES

BEEBE RIVER WATER & SEWER COMMITTEE

November 12, 2020

The Beebe River Water and Sewer Committee met at 10:00 a.m. via Zoom. Members of the committee present were Cindy Klevens from NHDES, Robbie Welsh, Carina Park and John Benham from Pump Systems.

Carina Park informed the Committee that she has authorized Tuck Property Maintenance to mow the leach fields as they have not been done in a couple years.

The Committee discussed the new owners of the old bottling plant and whether or not they would be accessing the community system. It is believed they have a private system independent of the community system.

Cindy Klevens asked the Committee on their thoughts on moving forward with allocating expenses to the Trust Fund money (\$50,000.00) received earlier in the year. After discussion regarding the likelihood to not be awarded any CBDG Grant Funds, the committee agreed it would be best to spend the Trust Fund money.

Carina Park motioned to move forward with allocating expenses to the Trust Fund money previously awarded. Robbie Welsh Seconded and the motion carried by unanimous voice vote.

Carina Park informed the Committee that she would be distributing the 2021 proposed budget which will remain flat in comparison to late year.

Cindy Klevens motioned to accept the minutes from the September 23, 2020 as written. Robbie Welsh seconded the motion and the motion carried by unanimous voice vote.

Adjourn: There being no further business the meeting adjourned at 10:30 a.m.

Respectfully submitted, Carina Park, Town Administrator
