

**Climate Advisory Commission**  
**Wednesday June, 16<sup>th</sup> 2022**  
**12 Gearty Way, Campton, NH 03223**  
**Community Room**

**1. Agenda review (5 minutes):**

1. Quick review of proposed agenda
2. How long should this meeting be? Currently assuming 60 minutes with up to 20 minutes afterward for public comments or additional discussion.
3. Set time limits for items (suggestions included in this agenda)

**2. Tasks requested by select board:**

**2.1 Presentations to different town departments, targeted to their interests (10 minutes)**

- Which departments: fire, CIP, planning board, zoning board, highway?
- Process:
  - Prepare PowerPoint. possibly submit in advance
  - Who should participate from our committee?
  - How many to each meeting ?
  - Same or different people to different departments ?
- Examples of content:
  - Use of FloodFactor & FireFactor maps to help fire dept & zoning board anticipate risks
  - Discussion with planning/zoning boards of smart growth models & development pressures from climate change
  - Need for cliff ridge protection due to increasing flood risk
  - Identify possible grants that might be relevant to departments

**2.2 Identify 3 projects that we want to implement in next 3 years (30 minutes)**

- What process to follow ?
  - Discuss high-level ideas in this meeting
  - Possibly assign research prior to next meeting
- Examples of possible projects:
  - Solar power for town facilities
  - Establish community power program for Campton
  - Create registry of vulnerable people for contacting during public health emergencies
  - Develop charette for improving town center; find funding; implement
  - Apply for federal & state grants based on climate resiliency Example activities to fund:

- Culvert expansion
- Road improvements
- Flood protection
- Fire safety & prevention
- Safe routes to schools (sidewalks, etc.)
- Energy efficiency for schools
- Community winterization & energy conservation (help families reduce energy costs)
- Implementation of charette designs

### **3. Outreach (5 minutes)**

- Reasons for doing it:
  - Help other towns that want to create climate reports
  - Networking may help us find & get funding for town
  - Identify resources & partners that can help in our projects
  - Building brand for town that can help with economic development, getting grants
- Examples:
  - Apply for NH Planners Assoc annual award for our climate report
  - NH Network (we are now posted on
    - <https://www.newhampshirenetwork.org/about-us>).
    - We attended a workshop they did on community power

### **4. Procedural issues (10 minutes):**

- Meeting scheduling: next & future
- Meeting organization:
  - note taking: necessary for town ? what we need ?
  - if public participation, how to integrate ? separate sections ?
- Committee structure:
  - should we have officers (chairman, other positions?)
  - If so, what should the process be for selecting ?
  - possibly even have vote at this meeting ?
- should we create separate work groups on different projects ?
  - maybe discuss in future once projects are established
- Set up any assignments for next meeting

### **5. Public questions / additional discussion (up to 20 minutes)**

### **6. Adjourn**
