

Campton Planning Board Advisory  
Wednesday, August 31, 2022, 6:30 pm

In attendance: Sherrill Howard, Jake Tuck, Ray Bouchard, Brooke Sullivan, and Jessye Weinstein

1. July minutes approved.
2. Discussion of the Night Out Event. Well attended but few responses to our presence there. The longest discussion was sad with a Thornton resident bemoaning the lack of noise ordinances. All surrounding the ever-increasing numbers of B & B/ AirBnB that are existing in residential areas.
3. Brooke noted that the cost of Dartmouth relationship for the survey would be too expensive. She will work on content for posting and to appear on the town website. Also, a link with a QR code. Jessye to review previous material and consolidate subjects. Both she and Brooke will already be at Heritage Day and will help on that end. Further discussion about the nature of the committee and how best to move forward. The idea of creating activities in order to gather information is not practical. Perhaps the Planning Board could provide guidance on a specific project with the committee providing quarterly data reports.
4. Sherrill to contact Historical Society to determine if there would be a fee for our participation Jake will provide set up. Sherrill will be unable to attend due to a previous commitment. Jake to contact Jack about his attending the next meeting on Wednesday, October 28 to help with committee direction.
5. Jessye will assist through Heritage Day but will resign from the committee thereafter.
