Also present was Corey Davenport, Town Administrator, Jade Hartsgrove, Planning, Zoning, and Assessing Coordinator, and Natasha Egger, Minutes Recorder.

**Minutes Review**

The Board reviewed the minutes from January 18, 2023, Selectman Donahue motioned to approve the minutes from January 18, 2023, and Mary O'Brien seconded the motion. Sherrill Howard abstained from that vote because she was not on the committee then.

Sherrill Howard motioned to approve the minutes for February 8, 2023, and Mary O'Brien seconded that motion. All were in favor.

**Review of Questions and Description**

Selectman Engel created his own version of the questionnaire and schedule to meet with the department heads. There were several things that the committee determined were not necessary to ask. The committee agreed to have a description of what the CCDC is about and what its intentions are. The recommendation of adding the categories of priority, want, and need. The committee discussed the growth of the town and the importance of planning for the long term and short term. After discussion, the committee agreed on what they wanted to see on the questionnaire. Jade will work on drafting it and will forward it to the rest of the members.

**Other Discussions**

Charlie Wheeler sent an email out to the committee stating that he had yet to hear back from Pike regarding the land next to the campus.

**Board Concerns and Directives**

There was none

**Privilege of the floor**

Selectman Donahue motioned to close the meeting at 3:35 pm, and member O'Brien seconded that motion.
